

MORBARK

Stoevelaar Machinery is a versatile organisation with a broad product & service program for companies in the recycling industry and biomass. Our assortment consists of premium recycling machines that make it possible to shred, chip, screen and sort all kind of recyclable material into a semi-finished or finished product.

Morbark based in the USA, has been innovating and manufacturing durable, high-performance equipment for more than 60 years. Stoevelaar Recycling is since 2017 successfully importer of Morbark Equipment for Europe. With its strong network of dealers Stoevelaar provides European custom made good quality machines and a superior customer service.
